¹State designation is based primarily on employee residence. See Preface for further explanation.²Counties are excluded from publication if sampling or disclosure rules resulted in no data for that county.³Workers of other races and workers for whom race was not reported are included in the U.S. total, State total, County totals, and in the totals for men and women.⁴Workers with earnings reported in more than one State are counted in each State but are counted only once in the U.S. total.⁵Workers with earnings in both wage and salary employment and self-employment are counted in each type of employment but only once in the total.⁶Based on Social Security (OASDI) annual maximum taxable earnings of \$61,200 in 1995.⁷Includes all employer-employee OASDI and Medicare (HI) contributions. In 1995, earnings up to \$61,200 were subject to both OASDI and HI taxes. For earnings above \$61,200, only HI taxes were payable.⁸Data not shown to avoid disclosure.⁹Includes persons employed in American Samoa, Guam, U.S. citizens employed abroad by American employers, and persons employed on oceanborne vessels.
